

\* **Determining risk** will include, but is not limited to, the following questions:

- Will the resident be visiting an area of outbreak?
- Will the resident be around more than the maximum group size allowed by the Public Health order?
- Will continuous masking be maintained?
- How will the resident get to and from the outing?
- Will the resident be able to maintain 2m distancing during the outing?

\*\* **Safety precautions**

- **Low risk** outings include but are not limited to: infrequent/selective, maintained 2m distance, mask worn, transported in private vehicle/only passenger on transport.
- **Medium Risk:** many variations between the extremes of high and low risk.
- **High Risk** outings include but are not limited to: attending large gatherings, not wearing mask consistently, used public transit and was the only passenger
